

# WITH OUR BOYS IN SERVICE

Pfc. Elihu J. Kearney arrived home last Wednesday from Laredo, Texas, after graduating from the gunnery school there. He has a few days delay en route before he has to be in Fresno to be assigned to relocation. He and his brother, Pfc. Phil, have been separated nearly three years and are enjoying a happy reunion with their parents.

Pfc. George Zorich flew from his Texas post for a surprise furlough with his parents, Mr. and Mrs. Joe Zorich. His bride was unable to come because she is frozen to her job in the south state, but plans to make the trip west at a later date.

Staff Sgt. Karl Kielhofer also arrived home from the same Texas base the first of the week to join his wife, mother and grandmother for a pleasant furlough.

Nick Sassarini has written to his former high school principal, G. E. Hofmann and told of his travels to Ceylon and other far points which he knew before only as spots on the map.

Ensign Frank Titus was unable to come home on his recent seven-day leave so did the next best thing by going to Chicago with a friend and later to Detroit where he visited Mr. and Mrs. Harry Loynd, brother and sister in law of Walter and E. L. Loynd of Truckee. His host took him through the plant of the Parke-Davis Drug Company of which he is general sales manager and the trip to Frank was unusually interesting as he is a graduate pharmacist.

Pfc. Rodney Yeakel of Tahoe who has been stationed at Tampa has been transferred to Hunter Field Georgia.

Richard Weeks, former Truckee boy, now seaman second class in the navy was in Auburn last week after completing basic training at San Diego. He is now at Shoemaker, California awaiting reassignment.

A note from Staff Sergeant Don Craig, formerly of Tahoe, tells us that he is enjoying the Sierra Sun in a distant post in the Pacific where he is stationed with the infantry. He is the son of Steve Craig of Tahoe.

Jack Thornton returned this week from San Francisco where on November 3 he enlisted in the navy. Last Saturday he was sworn in and is now anxiously awaiting the call to service. Jack was a senior at the Truckee high school.

Among the Truckee boys home on furlough is Pvt. Ernie Dugan of the armored division who has been transferred from Ft. Knox, Kentucky to Camp Meade, Maryland, and just stopped off en route for a visit with his wife and family here.

German cigarettes are not so hot but plentiful, according to a letter from Sgt. Fosten Wilson of the artillery in France, who reports that the Germans evacuated so fast they left scads of cigarettes and other less usable items in their wake. He said they all went fishing using German hand grenades for blasting the fish, but had poor success as the grenades refused to blast.

It's no longer Soundman Billy Marts of the navy, but just plain Civilian Bill Marts of Hayward, Calif. Bill was given an honorable medical discharge a short time ago after a long seige in various hospitals. He saw plenty of action in the Pacific so we can well imagine the discharge was gratefully received.

## SEAWELL WILL AID LOCAL PROBLEMS

The following self-explanatory letter was received this week by The Sierra Sun from State Senator Jerrold L. Seawell of Roseville who represents this district:

Pursuant to a custom that I established when I first entered the Legislature, I am respectfully requesting the use of the columns of your valuable paper to convey a request to the people of my senatorial district.

The Legislature convenes Monday, January 8, 1945, and, as the representative of the people of Placer, Nevada, and Sierra Counties in the State Senate, I would appreciate hearing from them as individuals, or organizations regarding any problems confronting them or any suggestions they might desire to give me that would benefit the welfare of this district or the state generally. I am willing to meet with any organization prior to the convening of the Legislature that these problems may be discussed fully.

Thanking you for this courtesy, I am

Sincerely,  
Jerrold L. Seawell,  
State Senator, Seventh District

### Home for Day—

Mrs. Margaret Thomas and daughter Mava, of Bieber joined the Frank Kearney family for a reunion today.

From a 12th AAF B-25 Base in the European war theater comes the following dispatch from the headquarters: Sgt. Fred L. Kehlet, 27, an armorer, son of George E. Kehlet of Meeks Bay, Lake Tahoe, is a member of the Twelfth Air Force B-25 Mitchell bombardment group which has established the exceptionally low combat casualty rate of less than one-half of one per cent. Although Sgt. Kehlet's unit has been overseas two years and has fought in the most dangerous air battles over Tunisia, Sicily, Italy and southern France it has made one of the safest records of any combat group in the Mediterranean theater of operations. Originally, this B-25 group participated in strategic operations concentrating on enemy shipping, airdromes and similar German targets. Recently it has become tactical, giving close support to the allied ground troops in Italy and southern France. Sergeant Kehlet arrived in this theater 22 months ago, and has been awarded the European-Middle East-Africa ribbon with three battle stars.

His wife, Mrs. F. L. Kehlet lives at Lake Tahoe.

## POSTER RECALLS OLD OPERA DAYS AT HOBART MILLS

Reminiscent of the early part of the century was a hand bill found by Halsey and Smith, new owners of Hobart Mills while wrecking one of the old buildings there this week.

The bill called attention to the fact that the Opera House at Hobart Mills on Friday, May 29, 1908 would feature the Sierra Dramatic Company presenting "My Uncle from Japan."

A comedy drama in three acts the cast included such promising local actors as J. Gordon Mackay, who played the lead; Alexander Crossman the uncle from Japan and Ladis Walling, George Lanahan, Mike Lanahan, Miss Etta Sackett, Miss Florence Beall, Miss Emily Seaman and "Tootsy".

## U. S. O. SCRAPBOOKS ARE NOW AVAILABLE

Mrs. Elizabeth Bavier announced this week that the Wyethia Women's Club has obtained a limited number of the inexpensive U.S.O. scrapbooks which may be bought from Mrs. N. F. Doley.

The books are excellent for condensing the favorite magazine and newspaper articles and pictures to be sent to distant parts to the men in the service. Many people in the armed forces, whom others may have forgotten will be cheered to receive the book, filled with items of general interest or collected information of their particular hobby.

Because there are so few of the books, buyers are asked to call early if they hope to obtain one.

## EDMUNDS TALKS ON POST-WAR PROJECTS

C. Edmunds, manager of the local Chamber of Commerce, gave members of the Rotary Club a talk on "What To Do with the Boys When They Come Home," at the meeting Monday night. Bert Weeden was the program chairman and T. T. Buell presided.

Edmunds explained what the civic booster group is doing in trying to promote various projects, including a new air port, repairs and additions to the schools, a new sewer system and other programs to provide work. The talk was timely and interesting and urged more cooperation by Truckee interests in promoting post war development.

Visitors included Pete Land and Sam Dickey of Loyalton; Pvt. Ernie Dugan, Pfc. George Zorich and Frank Boyer, the latter of Lake Tahoe.

## MORE BEST SELLERS AT LOCAL LIBRARY

Best sellers now available at the Wyethia Club's lending library include the following popular books: Cluny Brown by Margery Shary; The Building of Jolna by De La Roche; The Time for Decision by Sumner Wells; Goodnight, Sweet Prince by Gene Fowler and Here Is Your War by Ernie Pyle.

## LAST ROUND-UP OF CLUB IS SUCCESS

Climaxing and completing an active season, the Last Round-up dinner season given by the Wyethia Club at Capitol Hall Saturday night proved to be an outstanding social success.

Most of the participants came attired in wild-west dress and Mrs. T. T. Buell, as Diamond Lil, and N. F. Doley as the small town peace officer were awarded the prizes for costumes. A skit put on by the club members, "The Shooting of Dan McGrew," added spice to the program. W. M. Englehart, Jr. and Robert Short provided the music for dancing and those attending voted the evening "loads of fun."

## BUY WAR BONDS

## Precipitation In Area Far Over Normal In Storm

### Stock on Local Ranges Had Best Growth For 20 Years

While precipitation was late in arriving in the Tahoe National Forest the storm between October 30 and November 12 brought Truckee area 7.84 inches and finished off with a total of 22 inches of snow, according to District Ranger H. I. Snider. The total precipitation at Truckee is now 4.81 inches above normal, the ranger said.

The snow caught a few of the stockmen with cattle in the Sierra since they had not been able to take them to the lower ranges because of scarcity of water, due to the late arrival of storms. Considerable difficulty was experienced in rounding up some of the cattle in the two feet of snow but it is believed no shortage of numbers are reported since several tag-end shipments were made during the past week from the stray cattle that were not with the herds when shipments were first made.

As a whole the ranges produced good stock during the past summer and lamb weights were the best on an average that they have been for the past 20 years, Snider said.

## YOUNG MAN HELD FOR TAHOE THEFT

PLACERVILLE, Nov. 23.—James Richard Flowers, 22, Al Tahoe resort employe, was to appear before Justice of the Peace T. F. Lewis to answer charge of burglary involving housekeeping articles which Frank Globin, resort owner says were valued at \$2500.

Flowers is accused of taking blankets, silverware, bed linens and other articles from the hotel, cottages and service station connected with the Globin resort where he had been employed since May. The stolen articles were reported recovered at Carson City and Reno.

## FUNERAL IS HELD FOR DEAD FUGITIVE

Funeral services were held at the Hooper and Waver Mortuary Chapel in Grass Valley for Robert Martine 18-year-old fugitive from a C. Y. A. camp near Benicia who was fatally wounded by Patrolman K. C. Kolt during an attempted escape from a stolen car here three weeks ago.

Coroner Alvah Hooper said that his investigation revealed that the youth was a former Marine and had fought in several south Pacific battles. While on furlough, he got into trouble and was dishonorably discharged. His parents are dead and he reared by foster parents at Knoxville, Tennessee. He had been married and divorced.

## TRUCKEE FINES FOR MONTH TOTAL \$277

The pay-ins for October as announced by County Treasurer Elma Hocker included the sum of \$277.50 from Justice of the Peace C. E. Smith. The sum was for fines and fees collected here.

## LAITY ELECTED TO HEAD LODGE HERE

W. H. Laity was elected worshipful master of Truckee Lodge No. 200 F. & A. M. at the meeting held on Thursday evening, November 16.

Other elective officers named are O. T. Schumacher, senior warden; George Kamp, junior warden; C. B. White, treasurer and trustee and G. E. Hofmann, secretary. Elden Tonini is the immediate past master.

Installation of the new officers will take place at a meeting to be held in January.

### In Auburn—

Pfc. and Mrs. Albert Ring and their daughter, Yvonne, will return from Auburn Sunday. They have been visiting relatives and friends while Ring is on furlough.

### Substitutes at Bank—

John J. Monteverde, Jr., of North Sacramento is substituting at Bank of America while Manager Richard N. Little is enjoying his vacation in the bay area with Mrs. Little.

### Goes to Roseville—

Mrs. Marie Cabona went to Roseville Thursday for a visit with her friends. She expects to be gone all during the winter months.

Since 1869

## Local Man Escapes Fire

Charles Brunk, Truckee garage owner, experienced a narrow escape from cremation a week ago when the Chevrolet coupe he was driving near Fresno was involved in an accident and completely destroyed by fire.

Brunk was traveling along the highway at a slow rate of speed in a heavy rain when another car traveling in the same direction crashed into the rear of the local man's car, splitting the gas tank and showering the vehicle with the exploding fumes.

Brunk was thrown against the door frame and rendered unconscious momentarily. The driver of the other car pulled the local man out onto the wet road and extinguished the fire on his clothing, then took him to the emergency hospital at Fresno where he spent the night.

Valuable automobile tools, all his clothing and various other items were destroyed in the car, Brunk said.

Brunk returned to Fresno this week to aid in the investigation.

## TWO FINED HERE FOR HAVING DEER OUT OF SEASON

Mike Lusich and Wilbur Gutzwiller both of Reno, each paid \$75 fines for the possession of deer killed during the closed season when they appeared before Justice of the Peace C. E. Smith last week.

William Bishop of Napa was fined \$25 for hunting during the closed season.

The men were arrested by Game Warden Bill LaMarr in the vicinity of Verdi.

## SEAWELL ASSURED FORMER POSITION

State Senator Jerrold L. Seawell of Roseville claims that he has enough pledged votes to be reelected president pro-tem of the state senate. He said he knew of no opposition.

## TRUCKEE BOY IS GIVEN PROBATION

Dave Bolender of Truckee who recently pleaded guilty to a charge of robbery and asked probation, was placed on five years' probation when he appeared before Judge George L. Jones in Nevada City. The action was recommended by Probation Officer A. W. McGagin who made an investigation of the case.

## Tahoe Briefs • •

By SWANEE

Mr. and Mrs. C. O. Valentine are leaving Tahoe City to spend the winter at Los Angeles.

Mr. and Mrs. Phil Geier plan to leave next week for Alhambra for the winter.

Mr. and Mrs. Floyd Carnell expect to move to the Joseph cottage at Gateway Park until their home at Tahoe is ready for occupancy.

Mrs. James Frazier and small daughter are spending the holidays with Beverly Hills relatives.

## COYOTES ATTACK YEARLING STEER

In gathering information for the annual grazing report of the Tahoe National Forest ranges, District Ranger H. I. Snider said that Melvin Russell, cattleman from Sacramento Valley, reported a rather unusual incident of a yearling steer being killed in the Webber Lake area by a band of coyotes.

Russell said that while riding his range this fall, he noticed blood on the ground and upon further investigation found the steer a short distance away with his throat slashed by canine teeth. Judging by the tracks made by the steer and the coyotes, the steer put up a fight of several minutes before being caught in the throat by one of the attackers.

Occasionally a small calf is missing that might be blamed to coyotes but this was the first instance in many years that record has been made of such a large animal being killed by coyotes, Snider said.

Cost of firing a broadside from a battleship is \$13,500. A 300-pound depth charge costs \$105.

## : Sun : Beams

by WALTER M. BARRETT

The way the date of Thanksgiving has been juggled around during the past few years, it's really hard to determine on just what day we should be thankful. Therefore, we suggest that it would be a very fine thing if we make everyday Thanksgiving Day, omitting the turkey and trimmings and continue at our work, but be none the less thankful that we are Americans, living in the United States everyday of the year. We have many things for which we may be thankful, but won't it be a great Thanksgiving when the last shot of the terrible war is fired and all the boys come home to stay.

We have often wondered why it is that the old men contribute to the cause of wars, make declarations of war and during a war profit hugely and invariably decide the terms of the peace, while the young men are used only as a means to an end. As soon as hostilities cease, the young men, at least those left over after the war, are turned back into civilian life, generally without much more than a thank you, while the old men gather about the peace table, dividing the spoils and fixing the punishments for the losers. It seems to us that military men should be permitted to determine the peace which they must fight to attain and not be shoved into the background as soon as they have accomplished what the old men and politicians sent them out to do. Of course the old men of today were the young men of yesterday and the young men of this war may be the old men of the next, but it still seems a funny payoff to us.

The latest report from headquarters of the Central California War Chest Committee reveals that Nevada is the only county among the 21 in the district which did not exceed its quota. Nevada County is still only 77.5 per cent, despite the fact that the average for the 21 counties was 104 per cent. In Truckee and vicinity we may well feel proud, for here we topped our quota long before the drive was over, being one of the first towns, or communities in the area to accomplish this feat. This was done through the splendid work of the Rotary Club, headed by Tom Buell and through the cooperation of the many individual and group contributors. Truckee again has shown the world.

## RARE PROGRAM TO BE AT LOINS MEET

Because of the holiday the regular meeting of the Lions Club was called off last night but a special program has been arranged for next Wednesday when Fred and Walter Herz of Reno will show the films of the trip they took in a small boat down the dangerous Colorado river with a party of scientists two years ago. It was a history making journey and promises to provide much interest in the pictures. Frank Galenick will be program chairman.

## EARLY MAILING FOR HOLIDAY URGED

Mail holiday gifts destined for other cities by December 1 if you want the packages to reach their destination before Christmas.

Truckee residents were given this reminder by the post office and other government authorities who pointed out that the 1944 holiday mailings are expected to top 1943 Christmas mailings by 25 per cent.

## WORTHY MATRON IS HONORED BY O. E. S.

Mrs. Jennie Moore, worthy matron was guest of honor at a birthday party given by members of Truckee Chapter of the Order of Eastern Star Tuesday evening. A rose decorated cake centered the refreshment table.

## FREE USE PERMITS FOR YULE TREES

Free use Christmas tree permits for individual family use, will be issued to residents living within the Tahoe National Forest, according to an announcement made this week. In conformity with past practice a free use permit for one tree to each family will be issued.

The permits may be obtained from the forest service.

## None Injured As Two Cars Crash Into Bus Here

### Icy Pavement Blamed For Collision of Vehicles On Grade

No one was injured Friday afternoon at 4:30 p.m. when two cars crashed into a Greyhound passenger bus on the icy hill just west of the Flycasting Club curve, four miles east of Truckee.

The mishap occurred, according to State Patrolman William Gautsché, who investigated, when a car driven by Betty I. Woodward, 28, of Camp Beale, got out of control on the icy pavement and skidded into the side of the bus driven by Orville Cochran, 37, of San Francisco. A second east bound car driven by J. T. Bright of Big Pine, saw the accident in front of him and applied his brakes on the icy incline and could not avoid crashing into the other two vehicles.

The bus driver saw the first skidding machine coming sideways and turned as far to the right as possible to avoid the mishap and in so doing struck and broke a guard rail.

Although no one was injured in the accident, Miss Lucille Harmon of San Francisco slipped and fell on the ice while leaving the bus to get on a relief bus sent from Reno to take the passengers on west.

## Chipmunk Chatterings

**Seniors Plan Service Flag**  
The senior class of the Truckee High School plans to present the school with a service flag honoring former students who have joined the armed forces.

**Student-veteran Visits**  
Pfc. Phil Kearney, class of '36 talked to the student body general assembly last Thursday telling of his experiences in the Southwest Pacific, where he has been in active service with the signal corps for the past two and one half years. He told of many customs of the natives of New Guinea and Papua. "The name Australian Bushmen applies to every one who lives in the country, and not to the Aborigines alone, in the Australian terms," Phil stated.

**Teen-agers Get Hall**  
Everett A. Parker, Bert Weeden and Charles E. Pierce, members of the executive board of the American Legion met with members of the P.T.A. headed by Mrs. H. I. Snider and student representatives last week at American Legion hall, to complete plans for a teen-age club. Teen-agers have been given the use of the hall for recreational purposes between the hours of 9 and 12 Saturday evenings.

**New Student Enrolls**  
William Diemer, formerly of Long Beach High School, recently enrolled as a sophomore.

**Sophomore Completes Project**  
Ralph Garcia, sophomore, completed a white pine and redwood combination book shelf and magazine rack on the school lathe.

**Honor Roll**  
Patricia Mahne, senior; Joan Pabst Dorothy Parkhurst, and Ronita Mellon, sophomores; and Eugene Gini, freshman, made the honor roll this quarter.

## H & W Club News

(By Louise Geier)

The H and W Club held its November 17th meeting at the Union Hall at Kings Beach. A delicious pot luck dinner was enjoyed by 20 members and three guests. After dinner the regular business meeting was held and this was followed by an evening of dancing.

The next meeting to be held will be on December 1st, the place to be announced later. Mrs. John Gallenani and Mrs. Carl Sorenson are to have charge of the entertainment for the evening.

**Sunday Visitor—**  
Harry Oliver was here from Placerville Sunday.

**Guest Here—**  
Mrs. Addison Nelson will spend Thanksgiving with Mr. and Mrs. P. R. Nelson and then return to her former home in Chicago.

## NEVADA COUNTY TAX RATE LOWER

Nevada county's \$1.36 county tax rate for general purposes this year is the lowest rate the county has levied during the six-year period 1939-40 to 1944-45, California Taxpayers' association stated today, making public its analysis of the trend of county taxes since World War II started.

In 1939-40, the first year of the period under discussion, the county rate for general purposes was \$1.56 per \$100 of assessed valuation. High point for the six year period was 1939-40.

For the six years, the county rate for general purposes has been as follows:

1939-40, \$1.56; 1940-41, \$1.54; 1941-42, \$1.50; 1942-43, \$1.55; 1943-44, \$1.46 and 1944-45, \$1.36.

## EXPANSION OF FISH, GAME WORK PLAN

An expansion of the fish and game program in California to include the creation of public shooting grounds and the use of aircraft in law enforcement is requested in the 1945-47 biennium budget of the fish and game commission submitted this week to the state department of finance.

The total budget request is for \$6,075,644, an increase of \$2,721,972 over the current biennium.

James S. Dean, director of finance who considered the budget, said the commission is planning a "real program" which will be of benefit to sportsmen and commercial fishing enterprises.

The budget includes provision for

## DISCHARGED VETERANS ARE GIVEN LOW S.P. RAIL FARES

Special new low discharge fares for travel within California to help service personnel return to civilian life with as little expense as possible became effective November 1, according to announcement by F. S. McGinnis, vice president in charge of system passenger traffic for Southern Pacific.

These special low fares, on a general basis of one and one quarter cents per mile, and less, further reduce special discharge fares already in effect. The new one-way coach fares are for service personnel traveling at their own expense, who are discharged or released from active duty and not entitled to government transportation.

Similar special discharge fares good for one-way travel in coaches from point of release to destination in the United States and Canada are likewise available for discharged military personnel.

We are coming to see that there should be no stifling of Labor by Capital, or Capital by Labor and also that there should be no stifling of Labor by Labor, or of Capital by Capital. —John D. Rockefeller, Jr.

In an invasion, from 5 to 10 tons of cargo, equipment, supplies, etc. must be landed for each soldier who hits the beach.

## FINISH THE FIGHT WITH BONDS

six airplanes for checking inland fish and game law violations from the air. A total of \$674,000 is asked for public shooting grounds.

## Let Us Give Thanks

For the preservation of our way of life from the threat of destruction;  
For the unity of spirit which has kept our nation strong;  
For our abiding faith in freedom;  
And for the promise of an enduring Peace.

## Our War With Japan

The Sixth War Loan marks a new turn in the war both on the fighting and the home fronts. It points our tremendous war effort definitely in the direction of the Pacific. During the first five war loans Americans were primarily thinking in terms of beating Hitler.

Now our government asks us for a loan of 14 billion more dollars of which five billion dollars must come from individuals. Why? Haven't we nearly finished off our so-called Number 1 Enemy? Can Japan hold up our powerful war machine very long? Your son, brother and friend in his Pacific foxhole wouldn't raise such questions because they are up against realities, not day dreams. They kill or are killed. They pray every waking moment for a sky-darkening cover of friendly planes. They thank America for giving them the finest medical care in the world when their rendezvous with destiny in a Pacific jungle is at hand. They know the war with the Japs is just beginning.

Here are some other Pacific realities so that you will understand why there must be a Sixth War Loan and why it is absolutely necessary that it be a success:

The Allied Military Command has estimated that it will take years, not months, to lick Japan.

Japan's present army numbers about 4,000,000 with 2,000,000 more men available and fit for military service who haven't been called up to date. Another 1,500,000, between the ages of 17 and 20, are not yet subject to the draft.

The Jap Air Force is growing.

In addition to millions of native workers, Japan has a potential slave force of 400,000,000 conquered people. 50% of Japan's labor force is made up of women. Another 25% boys and girls under 20, the balance men. The Jap workday is twelve to sixteen hours with two days off a month. The Jap cannot leave his job, change it, or strike. The highest daily wage equals about three American dollars—30% to 75% of which goes to taxes and compulsory savings.

The Jap, as our men in the Pacific know, will fight to the death. As far as the Jap is concerned, the outer Empire—and the men who defend it—are the expendables. The Jap will fight the Battle from inside the inner Empire.

The Jap believes that we shall weary of war too easily and too early.

In the invasion of France, supply ships had an overnight run to make. In the coming Battle of Japan, ships in the Pacific will have long-reached round trips that often take five months to make.

These realities are worth thinking about before you keep your home front rendezvous with a Victory Volunteer. Perhaps you will feel that the national personal Sixth War Loan objective—purchase of at least one extra \$100 War Bond—is entirely too small for you. The better we face the realities confronting our forces in the Pacific the quicker the whole bloody business will be over and the sooner we will welcome home our fighting men. That's an American reality to work for with all our dollars and our sweat.

## EARLY SNOWS PROVIDE WORRIES FOR STATE HIGHWAY DEPARTMENT

SACRAMENTO, Nov. 23.—(UP)—An early fall of snow in the Sierra Nevada this year was "particularly unwelcome" to the division of highways, George T. McCoy, state highway engineer, said today.

McCoy said the premature winter has increased the worries of the maintenance department over the present tire shortage and the problem of keeping worn-out snow removal equipment in operating condition.

The storm, McCoy said, necessitated the earliest sustained use of snow removal equipment in 13 years, and imposed an additional burden on wartime gasoline and tire supplies.

## Tahoe Briefs

By SWANEE

Otto Fox was up from Auburn Saturday putting his Tahoe Lake School orchestra through its paces and giving private instruction.

Mrs. George Tiffie spent the week end with her husband and daughter in town. She is teaching at a school near Donner Summit during the week.

Mrs. Ethel Vernon is anticipating arrival of her recent book of poems most of which refer to Tahoe and surroundings. She received a sample copy a week or more ago and was highly pleased with the finished product. It is called the Voice of the Mountaintop.

Fred Mandeville has moved from Tallac Fish Hatchery back to his home in Lake Forest for the winter months. Mrs. June Mandeville and children will remain with him until such time as accommodations are available at the new post of her husband Aviation Cadet Walter Mandeville. Now at Thunderbird, he expects to be transferred soon.

Joe White is expected in this week end with his tractor to open up the roads in the Carnelian Bay area where Ben Callender of the Hut and a crew will take out Christmas trees. They plan to haul the trees if necessary on a long sled pulled by the tractor.

Announcement is made by the A. J. Henrys of the marriage last summer of Mrs. Henry's sister, Celeste Plannet to Verne Daniels at Las Vegas where the now make their home. Belated congratulations to them from friends at Tahoe.

Constable Harry Johanson is busy these days plowing out the county roads with the county plow sent up for use in this district by Supervisor Jack McFadden. He will be assisted later on by Clarence Vernon who is now employed by the Truckee-Tahoe Lumber Company at Truckee. This is a service greatly appreciated by the Tahoe residents.

### 40 ATTEND SCHOOL PARTY GIVEN AT TAOHE SATURDAY

TAHOE CITY, Nov. 23.—About 40 persons attended the school party at Tahoe Lake school in town last Saturday evening at which Mrs. C. A. Stoddard and Mrs. Floyd Carnell were hostesses, other mothers and daughters assisting with the serving and entertainment. The younger set enjoyed dancing and folk dancing in the auditorium while their elders played pinocle and bridge in the elementary schoolroom.

Tasty refreshments and hot coffee were served at the conclusion of the evening. Several cars of King's Beach residents attended. Prize winners at cards were Mrs. Walter Mandeville and Mrs. Eleanor Swanson at bridge and Mrs. Bert King and Scotty Donaldson at pinocle.

### THANKSGIVING DINNER IS ENJOYED EARLY AT LAKE

TAHOE CITY, Nov. 23.—Mr. and Mrs. A. M. Henry of Tahoe were among those holding Thanksgiving family reunion early this season, a sumptuous turkey dinner being served at their home in town.

Among those present were Mrs. Henry's mother and brother, Mrs. Mary Planett and Fred Planett of Verdi who had their first glimpse of little Gary; Pvt. and Mrs. Al Henry and son Gary of Stockton, daughter Patricia and guest Margo Howard of Berkeley and the Henrys. Pictures of the four generations represented were taken.

Other guests who dropped in during the day to enjoy a bit of skiing were Mr. and Mrs. Don Hansen and son of Truckee and Mr. and Mrs. Glenn Robinson of Reno.

### CLARENCE HOTCHKISS, 57, EXPIRES AT GEORGETOWN

TAHOE CITY, Nov. 23.—Clarence Hotchkiss, 57, former resident with his wife at Homewood for many years passed away on November 1st at his home in Georgetown following an illness of several months. He suffered a paralytic stroke on Sunday and Tuesday was taken to Placerville. During his residence at the lake he worked as caretaker, carpenter and at one time garbage man. He leaves his wife, Charlotte and four brothers, two sisters, an aunt and several nieces and nephews.

The family moved from Tahoe to Georgetown because of his health. They had just built a new home this year.

### DUAL BIRTHDAY OBSERVANCE CELEBRATED AT TAOHE

TAHOE CITY, Nov. 23.—A dual birthday party was celebrated on Saturday night at the Ables home in Tahoe City when both Mrs. Ruth Ables and son, Pete, observed their natal days. Eight of the younger set were invited to partake of the refreshments which were topped with a lovely birthday cake, followed by a social evening. Those invited included the Misses Shirley Ables and houseguest, Nita Graham, Betty Wheat and Peg E. Stuart, and Pete Ables. Bob Stark, Jimmie Swanson and Rex Tollefson.

A gallon of high octane gasoline delivered at a South Pacific costs 30c.

### FINISH THE FIGHT WITH BONDS

It takes twice as much cargo ships in the Pacific to support a task force, since turnaround time is twice as great.

### FINISH THE FIGHT WITH BONDS

In an invasion, a mechanized division uses about 18,000 gallons of gasoline every hour it is on the move.

Released by U. S. War Department, Bureau of Public Relations.

**MUD AND FLOOD IN FRANCE**—Autumn rains have added to the vicissitudes of American soldiers in the European battle areas. Above, the sign at the left is unnecessary. There will be no speeding on this Ordnance Depot road. Below, an ammunition truck fords a river in France while Engineers start trestleway bridge construction.

### HONEYMOONERS LEAVE FOR BERKELEY HOME

TAHOE CITY, Nov. 23.—Honeymooners Mr. and Mrs. Arthur Winters of Berkeley have gone home again following two weeks visit at Tahoe Park where the bride has a summer cottage. She was the former Mrs. Gladys Templeton of the office of the Moore Shipyards, and is a cousin of both Judge C. C. McDonald and Mrs. William Lambert. They were married at Carson City on November 6 and while here were temporarily snowed in after the early storm last week.

### OPA WARNS PUBLIC TO SEE CREDENTIALS OF AGENTS

Beware of persons who represent themselves as special agents of the Office of Price Administration. This is the warning issued today by Fred Lowe Sacramento district OPA enforcement officer, who said a number of complaints had been recently heard in the 24 northern counties of his district that persons pretending to be OPA investigators have been questioning people as to their private business, possibly for their own gain.

### COFFEE PRICE INCREASE REFUSED BY OPA HEADS

Coffee prices will not be increased, Price Administrator Chester Bowles and War Food Administrator Marvin Jones announced jointly after transmission to the Inter-American Coffee Board of a letter denying an official request for a price on unroasted coffee by members of the board.

The Colorado river drains one-thirtieth of the land area of the United States.

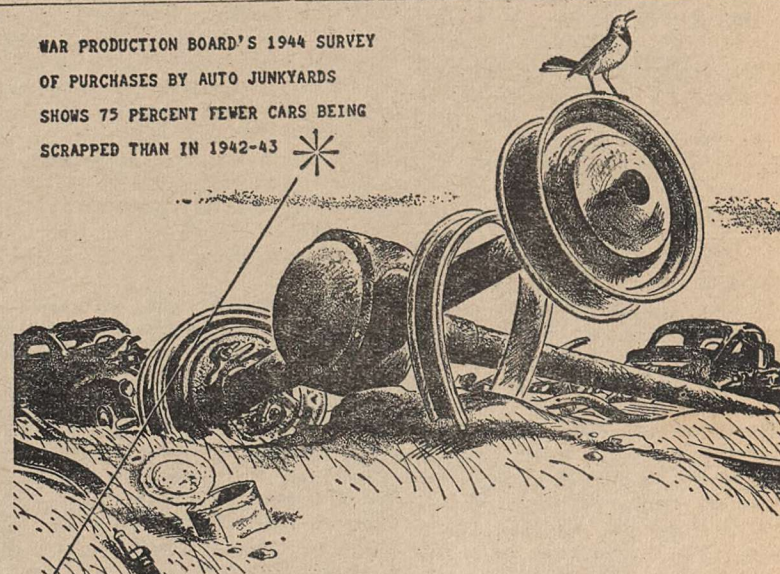

The "critical temperature" of gas is the temperature above which it is impossible to liquify it by increasing the pressure.

## Now we know the part we played in the Philippine invasion

The news of the successful invasion of the Philippines stirred the nation. For it was an amazing achievement—landing great numbers of troops and enormous quantities of supplies thousands of miles across the Pacific.

It was a thrilling triumph for our Army, Navy and Merchant Marine.

We railroaders got a special thrill from the news too, not only because we are Americans but also because we know now that months ago the Philippine invasion started on the railroads. And many a railroader who, in recent months, has worked double shifts to keep the war freight rolling to Pacific Ports, knows that he, too, had a part in putting those men ashore on Leyte Island.

This mighty blow at Japan placed an especially large burden on the Western railroads. Serving a less populated territory, the Western lines normally do not have the density of traffic of the eastern trunk lines, and their trackage was designed accordingly. Yet the western roads, in spite of a manpower shortage, have handled their enormous war burden efficiently and on schedule. Theirs has been a real achievement too.

Since Southern Pacific is the largest Western railroad and serves the major ports of embarkation on the West Coast, a very large portion of the troops and war material destined for the Philippines moved over our rails.

From now on, more and more of America's might will roll West over the railroads for the final showdown with Japan. Southern Pacific's 100,000 railroaders know well how important it is to keep these war trains rolling. But they need help. They need the help of thousands of men and women for this job.

There's a job waiting for you in the supply line that backs up our men in the Pacific. If you want a good job with a company whose biggest job still lies ahead, please visit one of our employment offices, or see your nearest S.P. Agent today.

# TAHOE LETTER

## To the Service Men

From SWANEE

Tahoe Cit, Calif.  
November 19th

Dear Tahoeites:

Another Sunday has almost passed and a lovely day it was despite the white landscape outdoors. A lot of snow still remains but here and there can be seen ground under the trees and in the garden, flowers still cling to the snow-drenched mullen as if reluctant to bid adieu to summer. I had a grand hike along the highway today, and rejoiced that the road was still open for the snow is not nearly so objectionable if one can get out and exercise as usual. A foot or more remains piled along the roadside and today great icy white chunks fell from the tops of the pines while trees everywhere stood dripping and glistening in the warm sunshine. A week or so of such weather and we might yet have another respite before real winter sets in.

Today our Sixth War Loan Drive was started so once again we all must give to make Democracy live. Don't know who will have charge of Tahoe's drive yet, as Mrs. Harry Johanson, who conducted the last drive here was without transportation. Am unable to contact her at this writing so can make no report. Hope all my readers will invest every cent they can muster so that the battle lines may not suffer because we failed on our part. Besides an investment in war bonds is an investment in future happiness and prosperity.

The Floyd Carnells were unexpectedly thrilled this morning when they received a long distance call from son, Corporal Dick Carnell at Camp Gruber. He had been reading about the "terrible snow storm" which "isolated" son many "without food" and war worried. His mother assured him we had had a storm alright, but that no one was suffering or in want as reported. He was in Mosagee buying Christmas cards so took advantage of the chance to call home. He was in good health and spirits and sent along his best wishes for his friends at Tahoe.

Mrs. Carl Bechdolt, Sr., left last week with the Art Winters who re-

turned to their home in the bay area on the first leg of her journey to Pasadena where friends say she will be joined by Technical Sergeant Billie Bechdolt's fiancée, Miss Bernie O'Laughlin. The pair plan to go to Texas where, if it can be arranged, Bill and Bernie will be married. A beautiful wedding has been planned in detail for December 10, but Bill's furlough was reported cancelled and so the lovely affair in Pasadena with friends and families had to be altered. Looks like Bill will soon be seeing some foreign scenery with his outfit. Good luck Bill and her's hoping you find a sky pilot to help you out down in Texas before you leave, and advance congratulations from all of us.

Another family who will have an added bit of happiness this Thanksgiving is the C. A. Stoddards of Lake Forest, for on Saturday last who should walk in unexpectedly by their daughter, Joyce who had taken a leave of absence from her job at Lockheed in southern California. She and her sister and little nephew plan at some future date to make husband, Harvey SeickertsykTkbrR a home together while the latter's husband, Harvey Seickert helps Uncle Sam wind up an unpleasant job across the pond. Harvey has entered the service and is now at Fort McArthur near San Pedro for reassignment. Curt Stoddard who only recently donned a navy uniform is now at the San Diego boot camp.

And at the Village Store another flurry of excitement was caused last week by the arrival from India from daughter Kay Starratt with the Red Cross there, another of those strange circular bamboo containers packed with dainty embroidered souvenirs. Some are for local friends and some for the family. Among the unusual gifts were an eight-piece white organdie luncheon set daintily embroidered in green and white, a hand carved sandalwood horse, which is used to perfume a room or linens; three flimsy scarfs in blue, white and pink with silver and gold threads drawn through them and two cigarette cases of heavy metal, designed in scroll and one having a powdered

## TAHOE WEATHER

The level of Lake Tahoe Monday morning stood at 6226.12 with 316 CSF of water leaving the gates.

Snow on the ground at this writing measures 14 inches.

The precipitation to date from July 1 registers 9.89 inches which is about double the amount Tahoe had this time last year.

For three days the temperature has dropped to 15 degrees with the warmest weather recorded on Nov. 16 and 17 when the thermometer soared to 40.

The weather Monday was warm and sunny with no wind.

## TAHOE GROCER TAKEN TO RENO FOR TREATMENT

TAHOE CITY, Nov. 23.—The many friends of Weller Atherton, pioneer grocer of Tahoe, were sorry to learn of his recent illness which will keep him in St. Mary's hospital at Reno for ten days or more. Exertion from overwork was the cause of his breakdown which attending physicians believe will be alleviated by a rest of several weeks at home following medical treatment. His many friends and neighbors wish him a speedy recovery.

## Tahoe Briefs

Miss Margo Howard of Berkeley accompanied Miss Pat Henry home for the holiday weekend at the Henry home in town, the girls flying up from Oakland where Pat works as meteorologist.

Miss Nita Graham is the houseguest over the holiday of Mrs. Ruth Ables and family in town, accompanying her daughter Shirley from Notre Dame Academy at Marysville.

time for his laundry, it finally came and he found it belonged to a lady B.A.M. Asked if I could imagine him falling out for roll call in pink silk pantslets. Don's letters are a sure cure for the blues and not only that they undeniably signify a sky-high morale. Keep it up Don, and we're glad you enjoyed the box.

Well Thursday is Thanksgiving again. It may seem a little odd to some of us to have it a week earlier than in our childhood days, but I still contend that THESE Thanksgiving days matter very little now—it is the grand and glorious holiday we celebrate with the termination of the war that will remain THE Thanksgiving Day of days! We all have so very much for which to be grateful, even the trifling, everyday pleasures we enjoy have become momentous to most of us. So let's celebrate by buying a bond to start off the new bond drive with a rousing cheer!

May we folks at home observe the coming holiday in humble appreciation, with a prayer for each and every one of you lads who are making the continued celebration of our nation's cherished holidays a future possibility. We will be thinking of you all. Good luck, good cheer and good health to you and may your next Thanksgiving be spent in the bosom of your families back home again—May God be with you always.

As ever,  
SWANEE.

P.S. Forgot to tell you all that although there has been no formal announcement to date, there will be an engagement when Staff Sergeant Charles Henrikson of Lake Forest now in France, gets back to the good old U.S.A. And the little lady of his dreams is no other than Miss Eunice Duffee, daughter of the Joseph Duffees of Tahoe. The engagement is the culmination of a high school romance, the Duffees and the Henriksons having been neighbors for years at Tahoe. May we be the first to offer heartiest congratulations.

SWANEE.

SACRAMENTO, Nov. 23.—(UP)—Governor Earl Warren this week in effect called on California citizens to support "patriotically" decisions of Army officials on the return of Japanese to California or their continued exclusion.

The governor issued a statement declaring that responsibility for the Japanese is entirely that of the army after receiving numerous protests against the rumored return of the evacuees.

He said he discussed the Japanese situation with commanders of the Western Defense Command and had pointed out the possible danger of their return to this state from the point of view of strained race relations and the purely physical problem of overcrowding.

However, he said he had "suggested only that they evaluate the dangers to the war effort from civilian disturbances which might be provoked as a result of existing tensions in our state."

Warren went on to say that he had assured the Army officials "that if and when they do determine, under all these circumstances, that military necessity no longer exists for the exclusion of the Japanese, California proposes to support their determination as patriotically as it did the original order of removal."

"I have further assured them," he said, "that California will at all times accord these people, as it does to all in our state, the full recognition of their constitutional and statutory rights."

The end of the war will result in an expansion of state activity, a half dozen heads of state agencies agreed last week in submitting estimates of funds they will need in the next two years to the state department of finance.

Unanimously, the officials asked for appropriations larger than they received for the present biennium.

The largest increase was asked by the Department of Institutions, which

said it will cost nearly \$7,000,000 more to run state hospitals and homes during the next two years.

Increased population and improvements which had to wait for the end of the war were given as reasons for increased costs.

Other agencies told similar stories and the requests for expansion even extended into the sports field. The state fish and game division asked authorization for an ambitious new program including the use of modern equipment in enforcement of game laws and a plan for public shooting grounds in migratory bird areas.

The state horse racing commission asked also for an increased allocation and pointed out that large tracks in southern California already have or are planning to hold meets for the first time since the start of the war.

A new committee of veterans' affairs appointed by Governor Warren

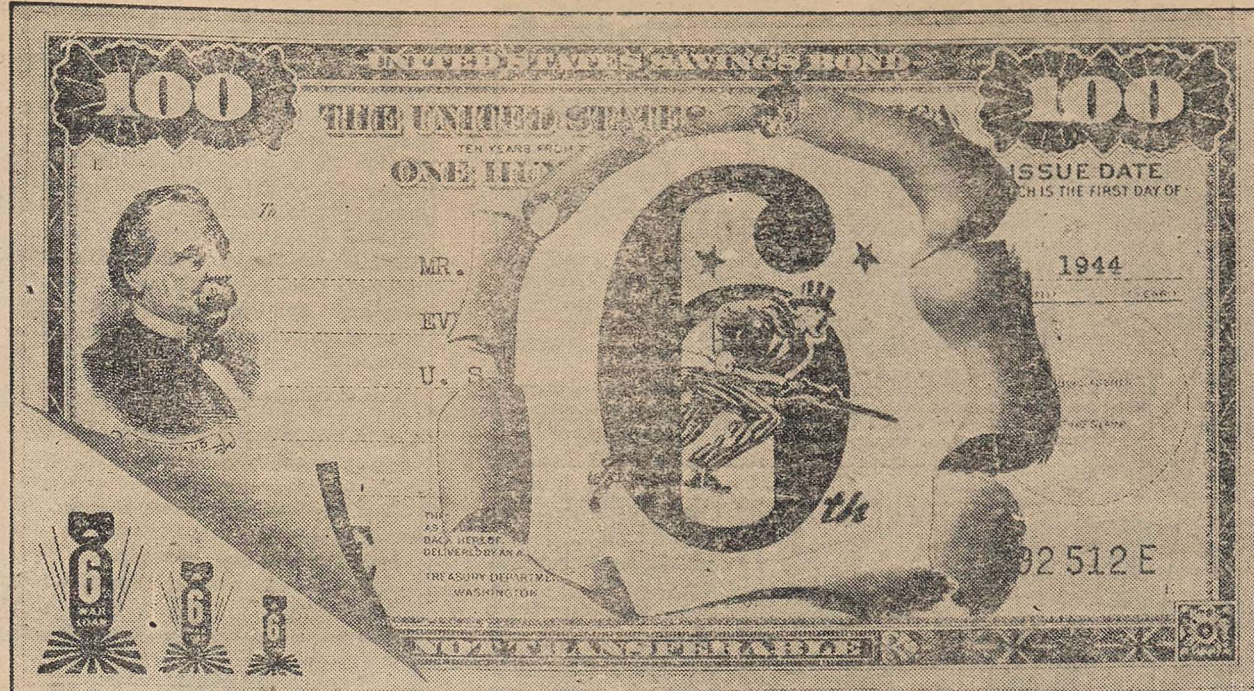

laid plans last week for information centers in most cities and towns of California which will give "one-stop service" to veterans on benefits available to them.

The committee offered assistance to local governments in setting up such centers which would have the purpose in the words of Mayor Harley Knox of San Diego of saving "the veterans from getting callouses on their feet" in tramping around to the different agencies which offer service to veterans.

It's official that today is Thanksgiving in California.

Governor Warren issued the annual proclamation of the day, which said in part:

"We offer thanks that through the victories of our armed forces and those of our allies, the cloud of uncertainty as to the preservation of our way of life has been lifted."

## True Appreciation

SWINGING down a quiet side street one morning, an early worker on the way to the office approached a store to which a case of milk was being delivered. As she passed the open door she heard the driver, who was just leaving the store, exclaim to the storekeeper, "The trouble with you is, you don't appreciate me."

"Well," thought the office worker as she continued her way, "that is not a cheerful sentiment with which to start the day, but it is a common complaint of mankind," and she dismissed the occurrence—only it refused to be dismissed. In fact, it lingered in her thought until she was forced to seek a satisfactory explanation and clarification of the plaintive cry of many, "You don't appreciate me."

Her line of thought began to run somewhat like this: Why do we seek the approbation of others? Is it humanity's longing for praise? Do we especially crave commendation for duties involving more than was demanded of us? If these are our habitual expectations, we are often doomed to disappointment, since it is frequently true that mankind withholds appreciation.

Writing in the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy states (p. 37) "Consciousness of right-doing brings its own reward." This immediately reminds us that if we are sufficiently concerned with the rightness of our task and its proper execution we shall not be unduly concerned over its human reception. Especially is this so when we consider the rest of the sentence just quoted, which continues, "but not amid the smoke of battle is merit seen and appreciated by lookers-on." Humble we may recall our own belatedness in appreciating the good deeds and accomplishments of others.

Perhaps the Psalmist was thinking of the tendency to search on a human level for appreciation when he entreated (Psalms 107:8), "Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men!" For appreciation is not just an exchange of fine sentiment. It is a response which must flow forth spontaneously to God for His goodness. By this acknowledgment we shall more readily show forth to our fellow men our appreciation of their good deeds and faithful discharge of duty. True satisfaction is found in our consciousness of God's goodness, and not in human approval of what we have done. . . .

Christ Jesus had such an infinite sense of God and of His creation that when the Jews sought him as he walked alone in the porch of the temple and asked him to tell them plainly if he were the Christ, he replied (John 10:25), "The works that I do in my Father's name, they bear witness of me." When our spiritual vision has deepened so that we perceive our right acts and achievements are done in the Father's name, we shall not be overcome by lack of human recognition, but shall be content to work for God, as Jesus did, and if need be, to walk by ourselves, unnoted by the crowd. . . .

Let us then not be discouraged if, carrying what we feel is a full load or an extra job, we do not always hear voiced our neighbor's commendation of what we are doing. Paul wrote (II Corinthians 9:8), "God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound to every good work." . . . —The Christian Science Monitor.

\$68,000,000 for Highways  
SACRAMENTO, Nov. 23.—(UP)—The State Highway Commission today estimated that it will have approximately \$68,000,000 to spend during the two years starting next July 1, but admitted the figure was little more than a guess.

"The restrictions imposed on motor transport by reason of the war and the lack of any dependable information with regard to changes in those regulations, preclude any accurate estimate of revenue to the state highway fund during the 97th and 98th fiscal years," State Highway Engineer George T. McCoy said.
